

## PRODUCT SPECIFICATION

**PRODUCT C.I. NAME.** : IRIS YELLOW 4004  
(C.I PIGMENT YELLOW 12)  
**C.I. NO.** : 21090  
**CAS NO.** : 6358-85-6

Common Chemical Name : None  
Synonyms : Self Dispersing of C.I.  
Pigment Yellow 12

Molecular Formula : Mixture  
Chemical Family : Pigment Dispersions  
Molecular Wt. : Not Applicable

Chemical Name : CAS  
C.I. Pigment Violet 23 : 6358-85-6  
Color : Yellow  
Form/ Appearance : Powder  
Odor : Odorless  
Pigment Contents : 50%

**Nature:-** Iris Stirin Colorants are pre-dispersed with anionic dispersing agent of organic & in-organic Pigments which all are water dispersible.

**Physical Form:-** Micro Fine powder

**Storage:-** Keep in dry place, the shelf life is one year.

### USES:

- ▶ Architectural Coatings
- ▶ Textiles pastes
- ▶ Building material (cement)
